

Lullacry, Perfect Tonight

It's like a little death
When I see you go
Like holding my breath
I want to know

You and I, lost in time tonight

Like a rush of blood
I'm dazed by you

You and I, lost in time
You and I, perfect tonight

Can't you see
Love in disguise / Love in these eyes
You and me
Perfect tonight

Its like a deadly mistake
That cuts me deeper
Like chained to heartache
I'm my own keeper
