

Lullacry, This Time

You knew this day would come
You are not the only one
The world will be the same
When you're gone

The way you look at me
Is full of disbelief
You never want me to be
Meant for you

How does it feel
No one to lean on
But hey, let me tell you

This time
No one to save you
This time
You're going down for good
This time
No one to save you
This time
You're going down alone

Your place in my mercy seat
Disappears in a heartbeat
That's the only thing
You can count on

Can you see the tables turn
All the pain now will return
You can never wipe this smile
Off my face

This time
No one to save you
This time
You're going down for good
This time
No one to save you
This time
You're going down alone
