

# Luna Halo, Wait For You

My skin feels strange  
Like there's something underneath  
Locked in these chains  
How I ache to be free  
Dancing shadows  
Call me closer  
But still I'm waiting

Until the sun stands still again  
Until the earth reverses  
Until my eyes can see the wind  
I'll wait for you

I've been sleeping  
It seems  
Most of my life  
Black and white dreams  
Stealing  
What's meant for my eyes  
Cold like winter  
Frozen silence But I'm still waiting
