

Luna Sea, Inside You

yume o kakagehyou kimi to futari towa ni
kimi no mirai dake tojikometai towa ni
ima boku dake o mitsumeteyo hanasanai kara

Let's hold up our dreams with you, forever

I wanna dominate your future, forever

Just keep on watching me

I won't let go of you

a henai yoru wa keshiki sa e mo nijimu

mune o utsu you ni ame no oto mo nijimu

When I'm with you, even my vision is blurred

As though drumming at my heart, even the sound
of the rain is blurred

naze kimidake ga kon nani mo kono kokoro o uba

Why is it? That only you can take my heart

away...

subete o wasurete karami a u youni umare kawatta hikarino nakani

sabishii tokihodo kimi o kanjiteru jikuu o koete musubalete iru

Don't be afraid

Forget everything

We're locked together

We've reborn in the light

The lonelier I am, I feel that I need you

Our love is timeless

Don't be afraid

ho o tsutau namida nuguwaru yo subete

ureshii namida ni kaete ikeru subete

All your tears I'll wipe them away for you

All your tears I'll turn them into smiles

sou bokudake o terashiteyo sono hohoeme de

Yes, light me up with your smile - no one else

but me

kamisama no niwa de tsunagareta futari tomadoi nagara aruki hajimeru

kizutsuita toki wa boku ga sobani iru mitasarete ita kimi o sagashi ni

Don't be afraid

The two were destined in the garden of Eden

They start walking, bewildered

Even when you're hurt, I'll be here with you

And I'll bring you back to the time when you

were happy

Don't be afraid

ima bokudake o mitsumete yo hanasanai kara

Just keep on watching me

I won't let go of you
