

# Lunachicks, Don't Want You

The first day that I saw you  
I thought you were so fine  
I thought that you could be, that you could be the one  
I took me week and weeks  
To get the nerves to talk to you  
I had such very high hopes  
That you could be the one

You think that you are hot stuff  
Think that you're pretty cool  
But in my deck of cards now  
You play the fool!  
And when I look back on it  
On all the wasted time  
I spent just thinkin about you  
And wishin you were mine

I had the fever but the fever is gone  
I don't want you anymore  
Tryin to shake you but you're holdin on  
I don't want you anymore  
Thought you're right but you're Mr. Wrong  
I don't want you anymore  
Sad but true I love you!  
I don't want you anymore

I had such very high hopes  
That you could be the butter for my toast  
Well in my mind  
You were red hot  
But it turned into a long shot!  
Because I guess in time  
Well I just changed my mind  
Because I guess inside  
Well I just changed my mind!

Started off but didn't last long  
I don't want you anymore  
Tryin to shake you but you're holdin on  
I don't want you anymore  
Thought you're right but you're Mr. Wrong  
I don't want you anymore  
Sad but true I love you!  
I don't want you anymore

I don't want you, don't want you anymore!  
I don't want you, don't want you anymore!  
I don't want you, don't want you anymore!  
I don't want you, don't want you anymore!
