Lunachicks, Say What You Mean

I'm not so I don't I can't so I won't I could but I shouldn't But I can't so I wouldn't

I might but I can't I've got so I don't I would but I shouldn't But I'm not so sure I couldn't

Say what you mean Mean what you say Say what you mean Don't say it mean Say what you say what you mean!

I can't go on like this
I didn't understand a word you said
You didn't mean to not to
But you didn't cuz you couldn't
But you wouldn't if you couldn't
And you might but you wouldn't

Say what you mean Mean what you say Say what you mean Don't say it mean Say what you say what you mean!

For today will soon be yesterday Tomorrow will be today And I'm waiting every day For you to...

Say what you mean Mean what you say Say what you mean Don't say it mean Say what you say what you mean!

Won't you say what you mean? Will you mean what you say?

You try to tell me but I don't quite understand What you think how you feel where you stand You open up your mouth and then you start to quit Why don't you just come out and say it!?!

Say what you mean Mean what you say Say what you mean Don't say it mean Say what you say what you mean!
