

Lunachicks, This Is Serious

Lunachicks on the run
Lunachicks are having fun!
Lunachicks make lots of noise
to prove rock & roll's not just for boys

on the road and on the rag
we fuckin rool so we gotta brag
gonna take over the world someday
stay off our path or get out of the way!
stay away!

Lunachicks on the run
Lunachicks are having fun!
Lunachicks make lots of noise
now you know rock & roll's not just for boys!

this is serious
we can make you delerious
you should have a healthy fear of us
too much of us is dangerous
gonna take it all on a silver platter
say all you want,
'cause it just dont matter
gonna knock your socks off tonite
dont try and stop us,
'cause we'll win the fight

we're not sweet, but we might be sour
born in the days of flower power
give us all your money and your credit cards too
you step off and stick to huffing gloo

this is serious
we can make you delerious
you should have a healthy fear of us
too much of us is dangerous

we're not candy
even though we look so fine & dandy
when your sick we come in handy
but we're not candy, Oh no!
