Forces Pinnacle Centers Around you

You said Shut your mouth Words cant unbound you

Will you pay the ransom? Will you pay the ransom?

Draw me to your shadow And down by the woods we'll And down by the woods we'll Bleed

If I had half the time with you Will you survive me?

If I had half the words to say Will you believe me?

If I had half the tears to cry Will you undress me?

And if I had half the strength the breathe What would you do?

But I'm still alive I'm still alive

Draw me to your shadow And down by the woods we'll And down by the woods we'll Bleed

Draw me to your shadow And down by the woods we'll And down by the woods we'll Bleed
