

Lunik, Supernova

Air

I was breathing it

It's staring yet

Fixed and frozen

I dare

To go off the air

Right there

Mare

I was believing it

Unessential yet

Forgotten

There

I'll pull my luck out of

Thin air

Wherever I go

Supernova

Let me know

Wherever I go

That I'll grow

I'll seize

The opportunity

A fateful hour

To take to my heels

A fee

No fear no doubt

All of a heap
