

Lupe Fiasco, High Definition

[Chorus: Snoop Dogg]

There's a world go a-head and stair

(Treat these folks don't need permission my life's in hi-definition)

Listen with your eyes follow with your ears

(I don't need no one's permission my life's in hi-definition)

[Lupe Fiasco:]

And my return, is more like a re-up

I hold a hold like a tea-cup

World in one hand, while the other hand throw a peace up

My other hand throwing We without the e up

I got like five more man I'm something like sheefa

In the fall of Rome number four Delux

See I've been around the world like the nomb

But I come from a zone where the homes are beat up

The folks unknown and the stones all meet up

Police tap my phone and ma's own on speaker

Said he's back with poems got their domes all leaked up

To get back on the thrown and become young leaders

Oprah put it on my culture now if that ain't wrong

Imus got it from the rhymers now if that ain't blown

They gave my man forty four now if that ain't long

I put it all on my shoulders now if that ain't strong

I made it out alive from the streets of the westside C-H-I

Now if that ain't home you better tell em

[Chorus: Snoop Dogg]

There's a world go a-head and stair

(Treat these folks don't need permission my life's in hi-definition)

Listen with your eyes follow with your ears

(I don't need no one's permission my life's in hi-definition)

[Lupe Fiasco:]

And in my flyness I've become the hero and the sidekick

The rider and the nigga that'll ride with

In your ear like the maker of the vibrant

Asalamalakam to the maker of the vibrant

Them other niggas I don't vibe with

Now I was bout three when the eyes went

But I could see everything that you trying to be

You can't hide it

While you coming out your throate like a heimlich

I came up out the belly like an high scip

Only my surcomstance reviced it

Hijacked the road and when they shot the pilot

I'm trying to go public so I can get to private

Then send Busy to go and get the pirates

Then hit Africa and try to fix the Virus

Go back to the hood tell Huggy open the hydrents

R.I.P Stack B. I'm a keep you alive kid

Dressed in something so fresh and wonderful

F-N-F and S-N double O-P

[Chorus: Snoop Dogg]

There's a world go a-head and stair

(Treat these folks don't need permission my life's in hi-definition)

Listen with your eyes follow with your ears

(I don't need no one's permission my life's in hi-definition)

[Snoop Dogg:]

Lupy it's Snoop Doggy let's go out

Tip toe through the door do it doggy style

And tell all my chicks in she I cock owe

Hold the mic tight they bite and might swallow

Take this chill pill will make you swallow

The big screen will capture you, cause it's hi-definition

Them alphabet boys on a mission
If you ever get cash you better get it quick fast
