

# Lupe Fiasco, Peace Of Paper Cup Of Jayzus

Sometimes dreams, peace of paper I got reams  
Where the D go?, Put that on a rose and now you  
Pronounce it hero, U see?  
Lu see like La Brea & Pico, with binoculars on my peephole  
I feel my best work was album zero  
Now with Deniro its boo boo in my backyard and  
Ben burnt down my gazebo that Deniro's ah casino  
Wit spit in the sandwich of the police though  
They ain't see the steel plate up under my seat though  
Still play it like Shaquille but I can free throw  
I ain't playing but I compete, I ain't a player but I'm complete  
And that's the win winner mason mind can't sign if the pens Templar  
Night vision on white linen is still green  
Peace of Paper I got reams, make it rain  
To make em smile, now rake it into piles  
And go buy ya self some style, prom night/cat walk  
Prepare the suit for weeks, or effortless as a Parisian  
Walking down the street, I ain't in it  
I just walking round some beats  
Tongue in cheek, just talking round some teeth  
Neighborhood watching  
Made of good options, mastermind times  
Neighborhood hoodie take the hood shopping  
Back track to stolen plates  
Whats a closed wallet to an open safe  
Peace of Paper/Cup of Jayzus what we writing?  
These ain't entendres these is secret indictments  
Litte secret excitements  
For willing minds I'm feeling fine  
Balling hard and killing rhymes  
Knocking off bigs and stealing shines  
Aw shawty/Sade is it crime?  
To DMV everytime until I give em license  
They waiting on lines  
Peace of Paper I'm Kerry James  
Commissions fly as the Constitution as a plane  
Peace of Paper Cup of JAYZUS what we doing?  
Pizza Lasers or Cup of Razors  
What u choosing?  
Choosy mothers choose the smoothest peanut butters  
And more cognizant fathers do George Washington Carver  
A break from the paper it means do u identify more  
With what's being made or the maker?  
I'm what's being chased  
I'm not the chaser  
Cup of JAYZUS Peace of Paper

Paper, paper make a plane & paper make it rain  
But how fly is a paper plane in the rain?  
I'm fly paper on the brain  
This and 2 ply paper just ain't the same  
I do do it for the bottom  
In the air is where I stop em  
Threw words like 2 birds, that's Batman and Robin  
To answer all your hunches that's just how I throw my punches  
We must somehow become a family that's why I throw em in bunches  
Mushroom clouds or on the flo' with the fungus  
If you look em up and down  
From the foot to where he put his crown  
The slow Pan to understand is Shaq on the shoulders of Yao  
Over and over for miles,  
Peace of Paper, Cup of JAYZUS made a movie  
Thank God on Friday, then buy a ruby on Tuesday  
A couple beats from Jay, a couple beats from Ye

& make Food for thought, that's a restaurant in a day!  
It would behoove thee  
The critics say that I fell off I acknowledge I slipped  
But what do you call falling from space into a bottomless pit?  
And not pit like Lui Kang can knock Baraka off with a hit  
Knock it off for a bit  
What would be really funny if I blew up after Drizzy  
And started from the bottomless back to the topless like a watcher of Strips  
Peace of Paper, Cup of JAYZUS,  
Peace of Paper, Cup of JAYZUS, bout it, bout it  
Don't let ya inner fears result in a outer coward  
From baby showers to 80 flowers upon my coffin roof  
The upper class glass is not filled up with the coughing proof  
Be more P and step ya Yessirs Up  
P-O-P! Jayzus a cup of Courage, I can't can't  
Thats double negative it's 2 earls  
They really nice but they'll never touch the cup its like I gave it two girls  
This my odd future out in front Supreme shop  
Fly as Rick Ross at a Wing Stop  
Thought Kick Push was about drugs  
Its not but just to be super sure  
But from your perspective it might seem  
Like Supreme out in front of Odd Future Store  
So that skaters and skiers  
Nose grinders and grinding up  
Nose powders with ether  
Not an Earl diss either but he might think it be and be like  
"Lu's new should be Mr.Pure 2positive Shakur and 2 be sure he's  
Not that really nice, That 2 girls and cup line sucked it really means  
He gave himself a cup twice"  
You just witnessed a double, a probable Odd Future diss in the future  
And me ghostwritting my own rebuttals  
You can't do that with a single cup  
You gone need a couple, again you got a double  
Got my shot on the rocks, but don't stop, keep pouring til it's a puddle  
Peace of Paper Cup of JAYZUS what's the drive?  
Greatest Rapper Alive or Greatest That Died?  
Then on judgement day they say the greatest rapper revived  
Oh look who's here the greatest rappers' arrived!!  
At the birthday party the greatest rapper surprised!!!  
Bumped into Doom the greatest rappers collide  
Everybody dead but AZ the greatest rapper survived  
I'm not the greatest rapper... the greatest rappers' a lie,  
Got the same points as Lux the greatest rappers a tie  
Told Jean, Foxy, & Rah the greatest rappers' a girl  
They said the greatest rappers' a guy  
Phone rang it was Ghost he said "Kiss the greatest rapper... Goodbye!"  
Chris said Common, Common said Kweli, Talib said I'm sure it's Mos Definitely!!  
Peace of Paper Cup of JAYZUS  
Smack might have the greatest but now I'm just playing favorites  
Playing flavored to be reminiscent of Miles on smack playing faded  
PEACE OF.... these niggas is nice knees like these niggas aight  
Shins like listen to them, ankles like shins making sense  
Feet like why you running behind these niggas  
They still trying to step inside ya prints  
Bear trap rap don't step inside the clinch  
Where da at? Don't jeopardize a better stride for limps  
I exercise at length so electrify the fence  
Let me inside the danger room on level 5 with weaponized defense  
With an extra side of the next guys petty exercise attempts  
The ghost of my career, better than most of what they revere  
I take my targets and throw them back on my spear  
I'm outta here
