

# Luscious Jackson, Down To Earth

(Berenyi)

Swallowed her down, she's inside me  
She's struggling now, she can't break free  
And my eyes are closed, my lips are sealed  
She can't escape but I can feel  
Kicks in me  
Climbing my spine, she's inside me  
Wants to escape, wants to breathe  
And I wish I could tell you what she feels  
And I wish I could hear when she speaks  
In my sleep  
In my dreams
