

# Luther Vandross, I'll Let You Slide

I'LL LET YOU SLIDE

Luther Vandross and Marcus Miller  
(album: BUSY BODY - 1983)

Back to back and side to side  
There's only music on my mind  
Nothing to worry about but the beat  
I wanted you to come and dance with me  
But you wanted to stay home and watch TV  
Ahhh, but when I got there to my surprise  
There was another guy looking into your eyes

Chorus I:

I don't want, don't want us to fuss and fight  
From right now 'til tomorrow night  
So if you promise to love only me and be by my side  
I'll let you slide

Without a doubt tonight is the night  
That we gon' really roll when the time is right  
And we're gonna carry it into the dawn  
Oh, but where are you, where can you be  
I've been waiting, it seems an eternity  
I took our favorite song from the record stack  
It was Hey, Jimmy Mack  
When are you coming back

Chorus II:

Well, I'm so disappointed you're gone tonight  
'Cause your love is the spice of my life  
But if you hurry back in the mornin'  
Then alright, I'll let you slide tonight  
Up and down, pacing round, walking in my sleep  
'Cause you've got a promise to keep  
You've got to come back  
And love, love, love, love, love me right  
And, huh, I'll let you slide tonight

Bridge:

I can't wait til tomorrow, baby  
Can't you come over tonight  
I can't get to sleep, my baby  
Come and rock my cradle left to right  
I tossed and turned and called you up  
But there wasn't anybody home  
It makes me sad, I need you bad  
But I guess I'm just gonna have to wait until tomorrow comes  
Slide, I knew it, I knew it  
How could you do it  
Slide, its alright, I'll let you slide tonight

I hired me a private eye  
To ceck up on your cool little alibis  
And what he discovered was woeful to me  
Baby, if you intend to stay with me  
Then you can't see the guys that I know you see  
Come on, let's ake up and promise to start anew  
Let's take the morning off, Ive got some plans for you

Chorus III:

Making love by the moon can be mitghty fine  
But when the sun rises, so do I  
So if you rock it to me in the mornnig  
Then alright, I'll let you slide tonight

Really missed you today, I was on the run  
So wake me up when the morning comes  
I think I'll dance to some music and groove on the party light  
And let you slide tonight

Fade

Get up, oooh, let's love baby  
If you do it nice in the mornin'  
Then alright, I'll let you slide tonight

Get up, ooh, let's love baby  
If we do it twice in the mornin'  
Well alright, I'll let you slide tonight

Get up, ooh, let's love baby  
If it's really nice in the mornin'  
It's alright, I'll let you slide tonight
