

Luther Vandross, If I Didn't Know Better

I think sometimes I can read your mind
When you make things up I can tell you lie
I see the things that your man cant see
And I wonder what kind of man is he
The one who you say is your lover
Who you insist takes care of you under the covers
And who is there for you and loves you like no other
Then you kiss and tell me that you love me like a brother

[CHORUS]

If I didnt know better
Id think that you were mine, youre with me all the time
If I didnt know better
Id swear were more than friends, youre touching me again
If I didnt know better

Id think we were in love

Girl, do you wanna tell me something

Oh, oh, oh

I could be wrong about the things you say
But I dont rub up on my friends that way
You tell me that youve always been a flirt
But if it goes wrong, I could get hurt
But no, you insist its harmless playin
Its just a part of who you are, that its just your nature
And that its fine

You know Im a friend, its really nothing

You say that Im just like a

That Im just like a brother

[CHORUS]

My idea of a friend is when you
Do a lotta things together and have a lotta fun
But my definition of love is different
You touch and hold each other
And you only want to be alone clinging to each other
Like you and he should be, but like you and I are
Well, I know it sounds crazy but

[CHORUS]
