

# Luther Vandross, If It Ain't One Thing Feat. Foxy

I coulda died when I found out  
We couldnt live together peacefully  
Thats when it started and we nearly parted  
Well, I was hoping not to see the day  
We started getting in each others way  
Maybe its better we dont live together  
Things got strange  
My space to chill become half the size  
You became someone  
I didnt even recognize  
Whats the matter now  
What are you talking about  
If it aint one thing, its another  
If it aint one thing, its the other  
Why you gotta put me down  
What are you complaining about  
If it aint one thing, its the other  
If it aint one thing, its another  
I got a yacht for a dinner cruise  
The way you treated everyone was rude  
I dont believe ya, youre such a diva  
I told the waitress we wanted wine  
You got upset because the girl was fine  
Youre complicated, but somehow we make it  
I get tired  
From all I have to do to keep you satisfied  
Get no sleep  
You call me in the middle of the night and weep  
Whats the matter now  
What are you crying about  
If it aint one thing, its another  
If it aint one thing, its the other  
Why you gotta fuss and shout  
What are you screaming about  
If it aint one thing, its the other  
If it aint one thing, its another  
I guess I cant see the world through your eyes  
Pretty little brown eyes  
Guess I dont understand  
What goes on, goes on, goes on in your mind  
Whats the matter now  
What are you talking about  
If it aint one thing, its another  
If it aint one thing, its the other  
Why you gotta put me down  
What are you fussing about  
If it aint one thing, its the other  
If it aint one thing, its another  
Whats the matter now  
What are you talking about  
If it aint one thing, its another  
If it aint one thing, its the other  
Why you gotta scream and shout  
What are you complaining about  
If it aint one thing, its the other  
If it aint one thing, its another
