ONCE YOU KNOW HOW

Luther Vandross

(album: Forever, For Always, For Love - 1982)

One day I was cryin'  
'Cause I thought that  
Love was something that would  
Never come my way, no way

That's when somebody told me  
Not to worry  
They said love would surely one day be my friend  
And I would never have to be without it again  
And it's because

Chorus:  
Once you know how  
You just never forget how to  
It may seem kinda crazy  
But it's a sho-nuff thing  
Been tested and found true  
Once you know how  
You just never forget  
How to love

I'm in love  
Yes, I am, at last  
I can love  
Yeah
