

# Luther Vandross, She Won't Talk To Me

I was hanging with some friends of mine  
We were all having a real good time, yeah  
I saw a girl who was so very fine  
I started waving my hands, my arms, my head

Got the nerve; found the words to say  
But to my surprise she was passing  
I mean it was strange `cause she just walked away  
She won't talk to me, she won't talk to me

Now you're nervous with the fever  
Body beat and never quit  
I'm in heaven when I see her  
Won't you talk some little things?  
Hope she talk to me

I can't hear (What cha gonna do?)  
You can't sit down like no one all by yourself  
(I just wanna talk to you) And nobody else, yeah

I just wanna tell her  
She's the girl of my fantasies  
How we meet in my dreams every night it seems  
And how love can be, I wanna (love you)  
I'm gonna be (your love)

It's not everyday we see the one  
That your heart's been likely dreaming of  
There's that look in her eyes, so I don't know why  
She won't talk to me, she won't talk to me

She pretends she doesn't see me  
Leaves me standing in the rain  
`Cuz I know she wants to meet me  
She's just playing silly games

I said girl (What cha gonna do?)  
Wanna show you a love that you just gotta see  
(I just wanna talk to you) But she won't talk to me

And ooh, I'm telling everyone  
I'm not dreaming anymore  
`Cause I know she won't talk to me now  
And at least she can't say no

And I'm going crazy  
Trying to make her notice me  
I go up, I get down, I turn all around  
She won't talk to me, she won't talk to me

I said (Hey there baby)  
I said (Hey there girl)  
I said (Hey there baby)  
She won't talk to me  
She won't talk to me  
[repeat to fade]
