Scar me with You  
With skin gone  
I am stuck in the middle of You  
There is nowhere else I want to be  
Outside You there is no me  
So suffocate, and drown me in You  
That is where I'll be  
Humbled at your feet  
Is where I'll be  
Suffocate, and drown me in You  
That is where I'll be  
I covenant with You  
I will walk right
