

# Luti-Kriss, Body Of God

My outstretched arms for you  
My outstretched heart bleeds for you  
A cry rang out, "Crucify the Lord"  
and a cry saved my life, "It is finished"  
This is Jesus Christ who came to die for you  
now sins ripped apart He died for you  
I'm free and I love it, I'll fight for this  
I thank you God  
You're so great  
(He was so torn for you  
He died though He did not have to and this pain was for you)  
He was ripped and torn, spit on  
and mocked because you were you  
Then He died and rose again just for you to  
All the pain within is because you sin for yourself  
And Christ is the only one that will bring you through  
He died for you  
Thank you
