

Luti-Kriss, Light Blue Collar

A thousand men.
Might fall down at my Right.
A thousand more at my Left.
I won't be touched.
Your will, it will be done.
I won't be Touched.
Read them Their eyes.
Read them their rights.

A thousand men.
Might fall down at my right and left...
I won't be touched.
Read them their eyes.
Read them their Rights.
Terror in the eyes of my enemy.
