

Lutricia Mc Neal, Always

(mcneal/jay g/papalexis/larossi/benn/yacoub)

Always here for you
I'll be there for you
I know we'll make it through
What you heard about me is true
But that doesn't mean
I won't be true to you
My love for you will last, my friend
All the way to the very end
Always here for you
'cause I know we'll make it through
You're my dream come true boy
You're just everything I'm wishing for

To what we have we're still holding on
Don't give up on me, it won't be long
I'll always be here for you anytime
I'm gonna show the world that you are mine
Always here for you...
Other couples comes and goes
That's not us no, no, no
We're walking on a higher ground
I wish that you could see
This love was meant to be
I'll always be there
Always be there for you
Always there for you...
"this song is for all the lovers out there!"
