

# Lutricia Mc Neal, Way In The Water

(mcneal/jay g/papalexis/larossi/benn/yacoub)

Way in the water  
Way in the water  
Children  
God's gonna trouble the water  
They hooked me up to sing and wail  
God's gonna trouble the water  
To spread the word to ring the bell  
God's gonna trouble the water  
They built this house like a boogietrap  
Put your feet on the floor  
And you won't get out

They built this house like a boogietrap  
Put your feet on the floor  
And you won't get out  
Way in the water  
Way in the water, children  
Way in the water  
God's gonna trouble the water  
If having a good time is a crime  
God's gonna trouble the water  
No regrets I'll do the time  
God's gonna trouble the water  
They built this house...  
Way in the water...
