

# Luxt, Mary Megaladon

This mass of black in drifting back through systems infinite  
Cradling Light and frozen biting christ is crimping it.  
To Throw a spanner in the works and break it into bits  
Leaving the damaged blasted energy unkept, unlit.  
Smoldering centuries tenfolded into burning time  
What was an eye-blink seems eternity massive sublime  
Forever cant exist in parallel, but bent it flows  
Into itself until there's something to the story....

(COLD)

I am the rip  
The body stripped,  
The naked trip  
The sharp cold lips

(COLD)

I am the end,  
god's ex-girlfriend  
the Devil's breed  
Lilith on speed

Come Feel My Skin  
Come Taste My Soul  
Come Lick My Edges 'Til You Bleed

Come Into Black  
Come Deepest Hole  
Corrupt and Cold And Let Me Feed

(COLD)

I am the rip  
The body stripped,  
The naked trip  
The sharp cold lips

(COLD)

I am the end,  
god's ex-girlfriend  
the devil's breed  
Lilith on speed

Warm Wet and Now It's Pouring  
The Old Mans Fucking Boring  
God's Flock is Shocked an Whoring  
His Name To Rot Their Cores Sing...

(COLD)

I am the rip  
The body stripped,  
The naked trip  
The sharp cold lips

(COLD)

I am the end,  
god's ex-girlfriend  
the Devil's breed  
Lilith on speed
