

Luxx, Inside Your Head

Find You Alone In Your Room
I Open The Door Real Slowly
You're Talkin' To Someone Nasty
Asking Her To Say Your Name.

Virtue Is Not Your Forte
Ain't Here to Judge You Anyway
I'm Just The Girl Next Door
You Don't Even Know My Name

One Look And I Get Nervous
Tell Me, "Is Your Mother Home?"
Whispering, "Come On In Here"
You Don't Want To Be Alone.

Cause I'm Here To Confuse You
I'm Playing Games You'll Never Know

And All I Really Want Is To
See What You Can See
What I Really Need Is For
You To Want To Die For Me
And I Don't Want To Hear All
The Useless Things Things You Feel
All I Need Is To Get
Inside Your Head

Walk Into The Light So You See
I Know You Need Some Company
You Draw Me Even Closer
Watch Me As I Come For You

It's All Been Calculated
Every Step I Knew You'd Make
Right Down To Your Cigarette
Picture Show Within Your Face

'Cause I'm Here To Confuse You
I'm Playing Games You'll Never Know

And All I Really Want Is To
See What you Can See

What I Really Need Is For
You To Want To Die For Me
And I Don't Want To Hear All
The Useless Things You Feel
All I Need Is To Get
Inside Your Head

And All I Really Want Is To
See What you Can See
What I Really Need Is For
You To Want To Die For Me
And I Don't Want To Hear All
The Useless Things You Feel
All I Need Is To Get
Inside Your Head
