

# Luxx, Kiss the Star

I say that I pray all the time  
Empty in my loneliness  
Someday I'll say "Time to fly"

I touch my face all the lines  
I tried to make them disappear  
I can't even count the times

I'm crowded by my apathy  
And vacant for my misery

Kiss the stars my time has come  
I've made my wish and now it's done  
I'm crawling on the velvet sun for me

Shadows, of me come alive  
And dance under the winter sky  
I've lost light from in my eyes

I'm crowded by my apathy  
And vacant for my misery

Kiss the stars, my time has come  
I've made my wish and now it's done  
I'm crawling on the velvet sun for me

I'm crowded by my apathy  
And vacant for my misery  
There's nothing left for me to see

Kiss the stars, my time has come  
I've made my wish and now it's done  
I'm crawling on the velvet sun for me
