-Verse 1-

never miss a good thing till its gone,
i never meant to hurt you girl i was wrong,
i always knew that one day you would move on, wit yo life,
but i guess, in the back of my mind,
i thought you would come home one more time,ah
i heard it through the grapevine you got a man,
they say he treats you good an he makes ya laugh,
im happy for ya baby, and i aint mad at you,
may all your kids do good in school,
and may your dreams you have come true, and I will

* Chorus*

I'll always love you,girl,I'll always care,

and girl you gotta know, that i'll always love you, girl, and no matter where you know that my love is

-Verse 2-

A happy womens worth her weight in gold,
loneliness is, good for the soul,
expensive places,lovely faces come, and go
but you only find your soul mate once,
and if you miss your chance you'll never find it again,
I cant complain I did this to myself,
you needed me and I wasnt there to help,
it breaks my heart to see you loving someone else,
I will give anything I own,
If I could just have my baby home

Chorus

(3x)
