

# Lyfe Jennings, Stingy

## Verse 1

See im jealous of your clothes  
cause they touch you more than I do  
It kills me sometimes to know  
That your toes spend so much time with your shoes  
And no I dont approve of your lipstick  
Maybelline aint tricking me and I see  
How eager your panties be to get put on  
So when you're gone I tease the ones you did not choose  
I dont know about you but

## CHORUS

I'm stingy  
Don't want anything to touch you there  
I dont wanna share you with nothing  
Not even the air you breathe  
Hook you lungs up to me  
Stingy  
Don't want nothing to touch you baby

## Verse 2

And I often cuss out your bath water  
For every moment you're gone  
I almost lost my cool when I heard you bought that thong  
Victoria Secret can't keep a secret too long  
I know what they want so please don't  
Be so naive to what your bra does. When it's groping you

Cause they like to taste your nipples too  
I don't know bout you but

## CHORUS

I'm stingy  
Let me touch you there  
I dont wanna share you with nothing  
Not even the air you breathe  
Hook you lungs up to me  
Stingy  
Let me touch you there

See I wash my hands before I touch you  
So I dont have to share with the germs  
See my heart is so concerned(so concerned)  
Oh So many things that I have yet to learn about you baby

## CHORUS

I'm stingy  
Let me touch you there  
I dont wanna share you with nothing  
Not even the air you breathe  
Hook you lungs up to me  
Stingy  
Let me touch you there
