

Lyfe, More Than A Girl

oo thank you thank you baby

Lovely as a summertime
always been a friend of mine
slicker than banana peels
cooler than 3 pair of high heels
You'll always be the highlight of my life yea
Loved you like i love my fellas on the block
more valuable than coca cola stock whooahoah
if i had my way this love would never stop
you're the only thing that matters
oh since i lost my pops girl you are

Chorus: More than a girl
More than a friend
Someone i can depend on till the end
Most folks talk about me 'cause they dont see what we see
Its the difference between hatin' and lovin' me

Wonderful like a newborn baby's smile
Amazin like being baptized in the nile
put me in and press rewind, do that to me one more time
You will always be the highlight of my life
More alive than Biggie and Pac
Stronger than a pair of grandaddy's old socks whoahoah
If i had my way this love would never stop
Don't ever worry bout me leaving 'cause im satisfied with what i've got

Ohh

Chorus: More than a girl
More than a friend
Someone i can depend on till the end
Most folks talk about me 'cause they dont see what we see
Its the difference between hatin' and lovin' me

More than a girl
More than a girl
More than a girl you are my friend
Do that again
Do that again
Do that again girl dont stop yet
Just want to touch you to thank you to love you
For what you give in
You will always be my girl
And i will always be your man

Ohhh

Chorus: More than a girl
More than a friend ...Said your moreeee
Someone i can depend on till the end whoahoah
Most folks talk about me 'cause they dont see what we see (oh let em talk let em talk)
Its the difference between hatin' and lovin' me

'cause you're More than a girl
More than a friend
Someone i can depend on till the end
Most folks talk about me 'cause they dont see what we see
Its the difference between hatin' and lovin' me
