

# Lykke Li, deep end

Wait up  
don't wanna wait up for you, baby  
still I wait up  
lonely in the canyon  
No love  
there's no love  
reflecting in the glow of  
million dollar man

show me your cut  
baby, come clean  
come out of your smokescreen  
if you really love me  
open my eyes  
bae, you burned me  
your kiss is salty chlorine

swimming pool /4x  
indigo, deep blue, deep blue  
Oh, baby, I know where you've been  
I know where you've been  
in the dep end!  
swimming pool /4x  
indigo, deep blue, deep blue  
Oh, baby, I know where you've been  
I know where you've been  
in the dep end!

hold on, don't wanna hold on  
if you let go  
I can't go on  
it takes two to dance

show me your cut  
baby, come clean  
come out of your smokescreen  
if you really love me  
open my eyes  
bae, you burned me  
your kiss is salty chlorine

swimming pool /4x  
indigo, deep blue, deep blue  
Oh, baby, I know where you've been  
I know where you've been  
in the dep end!  
swimming pool /4x  
indigo, deep blue, deep blue  
Oh, baby, I know where you've been  
I know where you've been  
in the dep end!

I'm in it /2x  
I was only gonna touch ya  
now I'm in it  
I'm in it swimming in it  
I wasn't gonna love you now  
I'm so fucking deep in it  
I think I feel another wave'  
I'm driving in /2x  
anyway  
I'm in it /2x  
I was only gonna touch ya  
now I'm in it

swimming pool /4x  
indigo, deep blue, deep blue  
Oh, baby, I know where you've been  
I know where you've been  
in the deep end!  
swimming pool /4x  
indigo, deep blue, deep blue  
Oh, baby, I know where you've been  
I know where you've been  
in the deep end!
