

# Lykke Li, Melodies and Desires

Follow these instructions  
Do exactly as I do  
Lean your shoulders forward  
Let your hands slide over to my side  
Move your body closer  
Let your heart meet mine  
Love is the harmony  
Desire is the key  
Love is the melody  
Now sing it with me  
Come a little closer  
Take a look at me  
This light is so obvious  
I want you to see  
Come a little closer  
Look me in the eye  
Then repeat with me one more time  
Love is the harmony  
Desire is the key  
Love is a symphony  
Now play it with me [2x]  
You'll be the rythm and I'll be the beat  
You'll be the rythm and I'll be the beat  
Then I'll be the rythm and you'll be the beat  
And love, the shoreline, where you and I meet [2x]  
Love is the harmony  
Desire is the key  
Love is a symphony  
Come sing some with me
