

# Lyle Lovett, Moon On My Shoulder

(Lyle Lovett)

With the moon on my shoulder  
And you on my mind  
I will lay down  
I will lay down  
With the moon on my shoulder  
And you on my mind

I will miss you more than I ever did  
Lord ever did  
They said that time would take care of it  
Take care of it  
I wish time would take care of me

With the moon on my shoulder  
And you on my mind  
I will lay down  
I will lay down  
With the moon on my shoulder  
And you on my mind
