

# Lynn Anderson, I Found You Just In Time

I found you just in time you brought meaning to this life of mine  
And made a broken heart a valentine at last my lonely hours are all behind  
You kissed me just in time to fill the longing in these lips of mine  
Just when I thought the sun would never shine I found you just in time

Just in time to save my world heaven sent you to my door  
Just in time two arms reached out  
Held me close and let me love once more love once more  
Don't let me cry again don't ever let me hear goodbye again  
Cause baby when I almost lost my mind I found you just in time
