

# Lynn Anderson, I Honestly Love You

Maybe I hang around here a little more than I should  
We both know I got someplace else to go  
But I've got something to tell you that I never thought I would  
And I believe you really ought to know I love you I honestly love you  
You don't have to answer I can see it in your eyes maybe it was better left unsaid  
This is pure and simple and you must realize  
That it's comin' from my heart and not my head I love you I honestly love you  
I'm not tryin' to make you feel uncomfortable  
I'm not trying to make you anything at all  
But this feeling doesn't come along every day  
And you shouldn't blow the chance you got the chance to say  
I love you I love you I honestly love you  
If we both were born in another place and time  
This moment might be ending with a kiss  
But there you are with yours here I am with mine  
So I guess we'll just be leaving it like this  
I love you I honestly love you honestly love you
