

Lynn Anderson, Sing About Love

What's the most powerful thing in the world that everybody's always thinking of
The whole world's built around it and nobody's happy until they found it
If you don't know it by now I'm talkin' bout love

If love was a bell you can bet I'd be ringin' it
If love was a song you can bet I'd be singin' it
And I'd sing do do do do do do do do do yes I'd sing do do do do do do do do do
Early in the mornin' or late at night when you've got love everything's alright
You wanna go la la la la la la la la La la la la la la la la
If love was a bell...
You wanna sing la la la la sing about love
