

# Lynn Anderson, That's What Loving You Has Meant To Me

Did you ever watched a youngster's eyes when you gave him his first puppy  
Or see a prisoner smile when the warden says you're free  
Or a sinner cry with happiness when the Lord just filled his needs  
Well that's what loving you has meant to me  
Did you ever stand beside someone when you knew that they were wrong  
Or watch an acorn grow into a tree  
Did you ever have your ship come in when you thought that it was lost  
Well that's what loving you has meant to me  
That's what loving you has meant to me  
If there's such a place as heaven then this is hit for me  
I'll never want somebody new when your world ends then mine ends too  
That's what loving you has meant to me  
That's what loving you has meant to me...
