

# Lynn Anderson, We Can Make It

We can make it the world is rough but we can take it  
Cause you're my shelter from the storm now I've got your love to keep me warm now  
No temptation can ever shake our love's foundation  
We're strong enough to take it we can make it  
Now we'll say goodbye to stormy weather  
Safe within each other's arms we will spend our lives together  
Love has found us and now its chain is wrapped around us  
And no one can break it we can make it  
Love has found us...  
We can make it
