

# M.I.A., Big Branch

Big branch  
Big bad wolf  
Came over to my ranch  
Took all my land  
Left me with a branch  
That's how I felt about the  
Loving that I had  
That I know about the girls he had  
Bring her to my door now  
Bring me that ho  
Put her on the table  
And put her in my claw  
I'll put her down in my jaw  
To my belly, to my toe  
I'll shit on that ho  
And drop her to the floor  
Big branch  
Men are like pearls  
They look good with my curls  
I string em to get the best necklace in the world  
In the states of the world  
All women wanna lay  
But it's man's world so keep him at bay  
You can fuck a man, mack a man  
Tell 'em that you're gay  
Tell him real love ain't on BET  
Sex is so cheap, I get it at KFC  
When its meaningless why they do R&B  
Bring her to my door now  
Bring me that ho  
Put her on the table  
And put her in my claw  
I'll put her down in my jaw  
To my belly, to my toe  
I'll shit on that ho  
And drop her to the floor  
Big branch  
I ate my chips and I washed my plate  
Thought about women that take that bait  
Men with stamina or money on the plate  
Can get a woman thinking her period is late  
Thanks to Jesus, I got my own estate  
If I let you in, will you run off with my maid?  
All men are just so fickle these days  
To find a really good one  
I keep on getting laid  
Bring her to my door now  
Bring me that ho  
Put her on the table  
And put her in my claw  
I'll put her down in my jaw  
To my belly, to my toe  
I'll shit on that ho  
And drop her to the floor
