

# M.O, Not In Love (ft. Kent Jones)

You're always drunk when you come around  
I know you think that you got me down  
Funny 'cause you couldn't be more wrong  
I feel like be right back, I bet you hate that

I'm done tryna talk with your speakers loud  
You don't give me none, you give me nothing  
And it feels so good as I'm walking out  
Out of your house, I'll be screaming

I'm not in love, I'm not in love no more  
And I wanna shout it and tell the world  
I love it, I'm not your girl  
No, I'm not in love with you  
/2x

Here we go, another 6 missed calls  
I'll be a hypocrite and miss them all  
I gave you me, but you pay me no time, no time, no love,  
No ..., I wanna tell

So I hope you have, have a lovely night  
With your video games and your excuses  
Boy, it feels so good as I'm walking out  
And slam the door, 'cause I need it

I'm not in love, I'm not in love no more  
And I wanna shout it and tell the world  
I love it, I'm not your girl  
No, I'm not in love with you  
/2x
