

# Maarja, I Know You Are The One

I fell in love at once I saw you  
I just knew you were the one  
Though people tried to talk me over  
It couldn't stop my feelings grow  
I could feel the hard time's changing  
You turn my whole world up side down  
I don't care what they are sayin'  
I know where I belong  
Together we'll be strong  
I like the things I see  
You're the one for me oh'baby  
I like the way I feel  
My love for you is real oh'baby  
Don't try to walk away  
I just find my love  
I know you are the one  
Someone told me to be careful  
Someone told me to think twice  
Even though I like to listen  
I'm no good at take advice  
I could feel the hard time's changing  
You turn my whole world up side down  
I don't care what they are sayin'  
I know where I belong  
Together we'll be strong  
I like the things I see  
You're the one for me oh'baby  
I like the way I feel  
My love for you is real oh'baby  
Don't try to walk away  
I just find my love  
I know you are the one  
Someone told me to be careful  
Someone told me to think twice  
Even though I like to listen  
I'm not good at taking advice  
I like the things I see  
You're the one for me oh'baby  
I like the way I feel  
My love for you is real oh'baby  
Don't try to walk away  
I just find my love  
I know you are the one
