

# Maarja Kivi, Shine it on

Just when you thought I was gone  
From the far  
And back like a shooting star  
Couldnt see right from the wrong  
So I ran  
And still the darkness comes  
Shine it on  
Shine a light on me  
Shine it on  
Electricity  
Turn it on  
Like a laser beam  
Shine it on  
Youre burring up my dreams  
Shine it on  
Come on and just shine it on  
I was a shadow of you  
And the sun  
Im fading just like it down  
Giving it all that I have  
It was it?  
Until my darkness fell  
Shine it on  
Shine a light on me  
Shine it on  
Electricity  
Turn it on  
Like a laser beam  
Shine it on  
Youre burring up my dreams  
Shine it on  
Come on and just shine it on  
Do what you feel  
Turn back time  
Cause you know  
Your journey  
You shouldnt defend  
Just hit and run  
And youre gone  
You blew them all away  
Shine it on  
Shine a light on me  
Shine it on  
Electricity  
Turn it on  
Like a laser beam  
Shine it on  
Youre burring up my heart  
Shine it on  
Come on and just shine it on  
Shine it oh-oh-on  
Shine a light on me  
Shine it on  
Electricity  
Turn it oh-oh-on  
Like a laser beam  
Shine it on  
Youre burring up my heart  
Shine it on  
Come on and just shine it on  
Shine it on
