

Maarja, Shine it on

1.
Just when you thought I was gone
From the far
And back like a shooting star
Couldnt see right from the wrong
So I ran
And still the darkness comes
ref.

Shine it on
Shine a light on me
Shine it on
Electricity
Turn it on
Like a laser beam
Shine it on
Youre burring up my dreams
Shine it on
Come on and just shine it on

2.
I was a shadow of you
And the sun
Im fading just like it down
Giving it all that I have
It was it?
Until my darkness fell
ref.

Shine it on
Shine a light on me
Shine it on
Electricity
Turn it on
Like a laser beam
Shine it on
Youre burring up my dreams
Shine it on
Come on and just shine it on

3.
Do what you feel
Turn back time
Cause you know
Your journey
You shouldnt defend
Just hit and run
And youre gone
You blew them all away
ref.
Shine it on... (x2)
