

# Maaya Sakamoto, Tell me what the rain knows

Tell me what the rain knows  
O are these the Tears of Ages  
That wash away the Wolf's Way  
And leave not a trace of the day?  
Tell me what the rain knows  
O is this the flood of fortune  
That pours itself upon me?  
O see how I drown in this sea  
Hark, hear the howl that eats the moon alive  
Your fur is on fire  
The smoke turns the whole sky raven black  
And the world upon your back will crack  
Where will you go  
Now you've no home?  
Let the rain wash away your last days
