

Mabel, The Shower

I'm still waken
I cannot sleeping and so I'm walking alone
I miss your hands on my body
want you be my lover just on one day ?
Call me
love me baby
let me see your body hang tonight
nobody knows how
why feel now
just a second that I wanna be free
I'm still waken
I have to see you baby
show me the night
and take my hands
drive me crazy
let me be your lover and take me away
love me
hold me baby
let me beat your body out tonight
nobody knows how
why feel now
just a second that I wanna be free
