

Mac Dre, She Neva Seen

[Verse 1]

It was a hot night in August, (hot August night), humid
Hit the store to get some O.J. to shroom with
Ooh shitty, I'm in the world's biggest little city
Seen a girl with some big ass titties
Top notch sadditty, punk bitch knew she was pretty
Get goosed in the city, get your purse took
When I stepped in her life she felt the earth shook
Before I spit the first hook, let me lace ya
Fucked her, had her crying like somebody maced her
Gave her a taste of some real macaroni
She swore she would do, anything for me
That's no bologne, baby brought me bread
Freaked me on the freeway on the 80 gave me head
She neva seen, a savage in Tims
Push a S5 sittin' on some Davin rims

[Beat Bridge]

[Verse 2]

Listen, you wouldn't want to miss this
I met this bitch the night before Christmas
Baby made my hitlist Christmas night
She let a nigga hit by Christmas lights
This bitch was tight, just my type
Barely right ride a dick like a bike
Eat a dick like pipe quick late night hype
Them the kind of thangs that makes my night
The steak ain't right without the A-1
So I stay dipped in sauce and they come
Like baby did, like that nigga old lady did
Like Karen, Kameka, and Katie did
It's crazy kid
Mommy on my bozac, I'm pimpin and she knows that, nigga wher the hoes at
Bet she neva seen, a sav in Tims
Push a S5 sittin' on some Davin rims

[Beat Bridge]

[Verse 3]

Me and black Jesus went to Rosaritas
Seen senioritas eating carnitas
I was rocking my adidas sneakers
Told the waitress give my fajitas
Gold teethas, never speechless
Gave me the number with a Fairfield prefix
Dipped to the cougar, put up the ruger
In the stash spot, a wise maneuver
Put up the cougar, pulled out the MB
California Hot Boy, MD
The boss, that do the firing and hiring
Sweat a broad, I keep them prespiring
She's admiring the way I slide
The way I ride, and her boyfriend lied
She neva seen a sav in Tims
Push a S5 sittin' on some Davin rims

[Ending Chorus 2X]

She only see's me with European keys
She only see's me with woodgrain sprees
She only see's me with Champelli trees
She only see's me having hella G's
