

MAC MILLER, What's The Use?

you gon' love it
you can leave it
and say nothing without it
don't let them keep you down

what if I don't need it
there's something about it
that just freaks me out
I just want another minute with it
fuck up little
What's the use?
never superficial
you don't know it when it hit you
with a little sentimental
when I'm of the juice

we colder than the breeze
but the breeze aint flowin' like me
motherfuckert hol' up
you don't need the hol' up
and I can show you how I seem
what it is what it truly might be
nothing that you know of
you don't need to hol' up

I am so above from beyond you take drugs
to make it up
way up where we on
space shuttle, elon
time we don't waste much, fuck
and we wake up
the have her sing just like Celine Dion
cat me if you can
but never catch me damn
