

# Macabre, Edmond Kemper Had A Horrible Temper

At the age of fifteen he murdered his grandparents  
They put him away for only seven years  
He hated his mother who worked at the college  
So he picked up young hitchhiking co ed's and cut off their heads  
Edmond Kemper had a horrible temper  
He cut off young girls heads and took them home to bed  
He'd pick up co ed girls to give them a ride  
Then bring them to the forest at gun point  
Edmond then would stab them and sever off their heads  
He'd take the heads home and have sex with them  
Edmond Kemper had a horrible temper  
He cut off his mothers head as she read there in the bed
