

# Macabre, White Hen Decapitator

This is a song about the White Hen Decapitator  
Killed his co-worker with a chef knife they used in the store  
And for some reason he cut off his co-workers head  
Took a price gun and stamped it like a loaf of bread  
White Hen Decapitator - He cut off his co-workers head  
White Hen Decapitator - With a knife that they made sandwiches  
White Hen Decapitator - Then he ran out of the door  
White Hen Decapitator - Of the Burnham Illinois store  
When the customers came in they couldn't believe their eyes  
Because waiting for them on the shelf was a big surprise  
A head with a price tag and something carved on the forehead  
Then the police caught him a few blocks away as he fled  
White Hen Decapitator - He cut off his co-workers head  
White Hen Decapitator - With a knife that they made sandwiches  
White Hen Decapitator - Then he ran out of the door  
White Hen Decapitator - Of the Burnham Illinois store
