

Macbeth, (The world) in my mind

The world tries to put me down
Everything I do for you is wrong
I cant believe lifes so complex
I can never get too much of a wonderful thing

The world has a funny way of a sneaking up on me
Help me forget

"You promised me everything
Im looking for the real life
You are always in my mind
Ill need you till I die
You promised me through thick and thin
Im waiting better days
Youll always in my mind
Because Im dying"

You have lived so many lives
Please, give me what Im asking for
Sometimes life is so unkind
But for me and for you a new day is calling

The world has a funny way of a sneaking up on me
Help me forget

"You promised me everything
Im looking for the real life
You are always in my mind
Ill need you till I die
You promised me through thick and thin
Im waiting better days
Youll always in my mind
Because Im dying"

Youll always in my mind
Big bad love / I need a love with an attitude
Will you keep on lovin me?
Youll always in my mind
We have better things to do
