

Machine Gun Fellatio, 100 Fresh Disciples

They tried to assassinate me, can't get past my shield
Got a hundred fresh disciples learnin' how to kneel
What I ain't got, they beg borrow steal
They're my hundred fresh disciples learnin' how to kneel
Hundred fresh disciples, babe, I got a hundred fresh disciples
Don Fredo on the phone line, he's tryin' to make a deal
Just another fresh disciple learnin' how to kneel
When I give him what he wants, then baby don't he squeal
Got a thousand fresh disciples I've never yet revealed
Kick!
Bass!
Hundred fresh disciples, babe, I got a hundred fresh disciples
Hundred fresh disciples, babe, I got a hundred fresh disciples, baby
