

# Machine Gun Kelly, 9 lives

Blow some smoke up to the gods (blows smoke)  
Hey, we're doing this all summer  
Alright

Lived 9 lives  
So I guess I got none left  
Spent mine fucked up  
Running down Sunset  
All the same anxiety  
My stomach got upset (Ay)  
But we're not done yet  
Yeah, yeah, oh

I wear this cross so God could find me  
If my soul gets lost so look behind me  
My past still haunts  
I wonder why my legs won't move or walk  
I started analyzing  
Things people are finding that I've done wrong  
But I can not erase them like chalk  
I'm husting Rick Ross no days off  
Got everything I wanted but I'm still pissed off

Paint my face on a motherfucking bullseye  
Pullin' up late to my goddamn funeral  
Everybody hates but can anybody love me  
Guess they'll wait till my face is on the mural

One drink one pill one hit one line  
I'm good that's it I swear we're fine  
Sometimes the lie feels easier

One day our dreams will come to life  
We'll be forever and never say goodbye  
Sometimes the lie feels easier

Lungs turning black smoking blunts in a face mask  
Gums numb from the cocaine can't taste them  
O.J. clothes so the cops can't trace them  
Scars on my body from the town I was raised in

Parental advisory stickers  
I say what the fuck I want  
A parental figure's all wen missing  
I'll be who the fuck I want  
I'm a 90's baby but I'll always bet 100% on me  
King of controversy but deep down I'm just a lover singing

Happiness is an illusion  
I keep looking through  
I don't need the whole world  
Maybe I just need you

One drink one pill one hit one line  
I'm good that's it I swear were fine  
Sometimes the lie feels easier

One day our dreams will come to life  
We'll be forever and never say goodbye  
Sometimes the lie feels easier (Yeah)

Lived 9 lives  
So I guess I got none love  
Spent mine fucked up

Running down Sunset  
All the same anxiety  
My stomach got upset  
But we're not done yet (breathes)  
(Yeah)
